ASQ Toronto Pleased to have Maria Falbo Presenting  
**Overview of IATF 16949**

How to apply the new requirements at your companies.

Since 2000, Focus Consultants Group has been implementing ISO based management systems in a variety of different sectors. A big part of this success is attributed to the President of the company, Maria Falbo.

Maria's perseverance, creativity and excellent communication skills have led to successfully working with Fortune 500 companies such as General Electrics, Conoco Phillips, Magna, Coca Cola, Mars, Sobeys Canada and many others, as well as numerous small and medium-sized businesses.

Maria has been working extensively with companies, particularly in the food industry, by applying her skills and implementing ISO 9001 and FSSC 22000, ISO 14001 and OHSAS 18001 as the structure for a high performance and highly profitable business model.
